(Associated Press Telegram)
New York, April 13.—Leading manufacturers in the United States are seeking to discover the wisest and most patriotic way of dealing with the problem of industrial pay rolls during war time and making provision for dependent families of men who enlist in any branch of the national service.

A definite effort is to be made, it was learned today, to urge the government to provide "subsistence allowances" in the United States to dependent families of men who enlist in a similar basis to that adopted by the governments of Great Britain and Canada, and the creation of a national patriotic fund which will be urged to be handled by the American Red Cross, assisted by the charity organization society and local commercial organization in the matter of necessary investigation.

An enormous fund would have to be raised in this country it is said. Even if only 1,000,000 families should be involved it would mean \$20,000,000 a month or \$240,000,000 a year for "separation allowances" alone. Most of this, it is calculated, would be an additional tax on American business. It is understood everybody would be asked to contribute to this fund.

Information obtained from authoritative sources in Great Britain and Canada as to how the problem was handled there disclosed what are described as "the most staggering kind of experiences."

It appeared that because the war was sudden, prominent firms and corporations in a burst of patriotism publicly announced that they would (Continued on page 2, col. 3.)

ENLIST ARMY OF TWO MILLIONS FOR WORK ON FARMS

(Associated Press Telegram)
Washington, April 13.—Proposals for enlistment of a work army of 2,000,000 men and boys for agricultural service, and other drastic steps to increase food production during the war, were given enthusiastic encouragement at the department of agriculture today. Secretary Houston ordered wide publicity given to resolutions adopted at the recent St. Louis conference of agricultural experts looking to production of greater crops as an emergency measure. They recommended that congress appropriate \$25,000,000 for use by the secretary of agriculture in such a campaign.

It is recommended that boys under military age and men beyond the age and those physically disqualified should be enrolled in the national army of labor for the production of food, ammunition and supplies. Other remedies are for the creation of an agricultural body under the Council of National Defense to supervise agricultural matters and for the vesting of wide authority in the secretary of agriculture to regulate and standardize food production and distribution.

TALK WAGE INCREASE.

(Associated Press Telegram)
New York, April 13.—Coal operators in the bituminous regions of Ohio, Indiana, Illinois and Western Pennsylvania who began conferences here yesterday with representatives of the United Mine Workers of America regarding wage increase affecting 225,000 miners, held a caucus this morning, after which W. K. Field, president of the Pittsburgh Coal and Coke company stated "no proposition had been definitely agreed on." The joint conference was resumed this afternoon.

GERMAN SOCIETY SUSPENDS.
Toledo, April 13.—The German Historical Society organized soon after the European war began, to promulgate pro-German propaganda, has suspended all activities and no more meetings will be held. A resolution to this effect was adopted by unanimous vote last night.

RAILROAD LAWYER DEAD.
Chicago, April 13.—Chester M. Dawes, general counsel for the Chicago, Burlington and Quincy railroad, died last night at his residence here of angina pectoris. He was 62 years old. Mr. Dawes was a son of Henry L. Dawes, for many years United States senator from Massachusetts.

HOSPITAL SHIP SUNK.
London, April 13.—The British hospital ship *Saita* was sunk by a mine in the English channel on April 10, the war office announced. Fifty-two persons were drowned.

The British hospital ship *Gloucester Castle* was torpedoed without warning in the English channel on March 30.

(Associated Press Telegram)
Washington, April 13.—The first of the war measures actually came up in congress today when the house took up for passage the bill to authorize an issue of \$5,000,000,000 in bonds and \$2,000,000,000 in treasury certificates.

Democratic Leader Kitchen took charge of the measure on the floor and there appeared to be no opposition. There was no attempt to limit debate, but the leaders were desirous of getting the bill passed before adjournment so it could be hurried over to the senate.

Great applause from both sides of the house greeted Democratic Leader Kitchen today when he began his opening statement in behalf of the measure. It was interpreted as carrying the double meaning that the bill would pass without serious objection or delay and that all chance of Kitchen being deposed as majority leader for voting against the war resolution had passed.

After declaring that the measure was "most momentous" and carrying the largest bond issue ever proposed to any legislative body Mr. Kitchen made a detailed statement of the contents of the bill.

Representative Fitzgerald, chairman of the appropriations committee attacked as excessive the provision which would authorize the expenditure of one-fifth of one per cent of the \$5,000,000,000 bond issue for expenses of the issue. He also urged a provision to prohibit sale of the bonds for less than par.

"This \$5,000,000,000 does not scratch the surface of our credit, and we should not discredit ourselves at the outset," he said.

Proposals to limit expenditure of the money loaned to allies caused Mr. Kitchen to declare, amid cheers, that nothing should be done to interfere with prosecution of the war by the allies. He also added that it was expected virtually all of the money would be spent in this country.

PEACE OVERTURES INDICATE TIRED PEOPLE IN EUROPE

(Associated Press Telegram)
Washington, April 13.—Officials today viewed the disclosures that today viewed the disclosures that Austria and Bulgaria, through their representatives in Switzerland, are trying to approach entente diplomats on the subject of peace as gratifying, inasmuch as they indicate war weariness in those countries, but as not necessarily involving the sort of definite proposals that might bring peace in the near future.

Information received here does not indicate that Austria and Bulgaria are sufficiently desperate to make them propose terms acceptable to the entente allies, and diplomats of the latter have indicated that they will refuse to enter peace discussions not based on publicly avowed terms.

It is not known whether Bulgaria and Austria are operating independently or together in their peace soundings. Press dispatches yesterday reporting Bulgarian efforts in this line developed the fact that it is known here not only that Bulgaria has taken soundings, but also that there has been similar action in the name of Austria-Hungary. Whether the two countries are working separately or together is not known, nor has any reference been made to the attitude of Germany or Turkey.

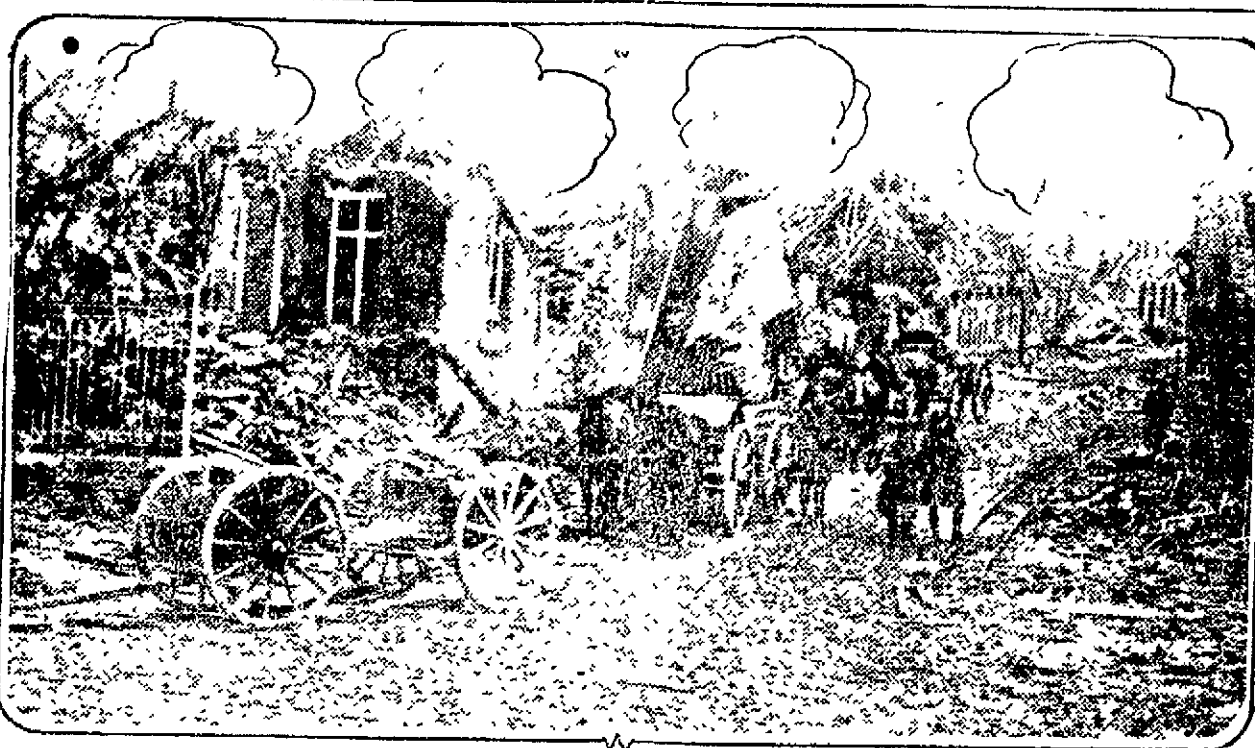

DIAMOND JIM BRADY FAMOUS SALESMAN, DEAD

(Associated Press Telegram)
Atlantic City, N. J., April 13.—James B. Brady, 64, of New York, known as "Diamond Jim" Brady, died at a beach front hotel today from heart disease after a long illness. He came here several months ago for his health.

FOND OF DIAMONDS.
(Associated Press Telegram)
New York, April 13.—James Buchanan Brady was perhaps the best known man about town in New York. He was regarded as the best salesman in the United States, having won the admiration of the business world by his marvelous success in selling railroad supplies.

"Diamond Jim" Brady had a passion for precious stones and his collection of jewels is valued at millions of dollars.

EVANGELIST HAS SUGGESTIONS FOR CHURCH PEOPLE; MUST SAVE THE CHURCH TO SAVE LOST WORLD

Church people "got theirs" again last night at the tabernacle when Evangelist Bromley laid before them some of the details of their duty to their church and their God in the present campaign of revival. He admonished them to a more diligent effort to create interest in the tabernacle meetings, the prayer meetings and the various branches of the work in connection with the religious effort not being made.

The crowd again was small and it was apparent that the "solemn faces" described by Dr. Bromley as being "as long as a coffin lid," impressed the evangelist that the church people were not entering into the work with the proper spirit.

"I believe God called us to this meaning," declared Dr. Bromley, "and I believe that Old Newark is going to have the greatest awakening in her history—but it is up to you. If to fail to take active part in the prayer meetings, conferences and committee meetings you can not expect to accomplish the task before us."

Dr. Bromley's text was Matthew 3:3: "Prepare ye the way of the Lord." "This scriptural passage is an appeal to the sinner and a command to the church," Dr. Bromley said. "It is a command to the church to do the Lord's work in carrying his message." (Continued on Page 12, Col. 3.)

CZAR'S COUSIN IS ARRESTED FOR PLOT TO NAME EMPEROR

(Associated Press Telegram)
Petrograd, April 13, via London.—Grand Duke Boris, a cousin of former Emperor Nicholas, has been arrested at army headquarters and sent to Tsarskoe-Seio, where he is interned.

A Petrograd dispatch on April 1 announced that the recent arrest of Grand Duchess Marie Pavlovna, a cousin of the former emperor, together with a group of persons in the entourage of Grand Duke Boris was said by the police to have led to the discovery of a plot in which the grand duchess and two unnamed grand dukes were involved for the proclaiming of grand duke Nicholas as emperor of Russia.

PREDICTS GREATEST NAVAL BATTLE OF WORLD WITH U. S. IN

(Associated Press Telegram)
Berne, Via Paris, April 13.—The military critic of the *Basel Nachrichten* believes that the entrance into the war of the powerful American fleet will "sooner or later lead to a revival of an aggressive sea policy against Germany and will probably culminate in a gigantic battle, which will put the Dardanelles fighting in the shade." The writer says that the allied fleets will find behind the German coast defenses "an opponent who knows what disastrous result the success of such an Anglo-American undertaking would have for his fatherland."

This observer further believes that if America attempts to transport troops to Europe Germany will abandon her submarine campaign in the Mediterranean and mass all available u-boats against the American transports. He is dubious of the present value of America as a military aid and says that the standing army, the only present force fit for modern war, is needed at home to watch Mexico. He calculates, however, that the United States has 15,000,000 men of military age whom it can equip and train and that the entrance has acquired an ally who may prove the decisive factor in the war.

(Associated Press Telegram)
Washington, April 13.—All the information and experience of the French and British airmen is to be placed immediately at the disposal of the United States aviation corps by officers detailed by their governments to proceed immediately to Washington and become attached to the office of the chief of the army aviation section.

PEN PRISONERS BEAT GERMAN WHO TORE DOWN THE U. S. FLAG

(Associated Press Telegram)
Columbus, April 13.—Adam Berger, a prisoner in the penitentiary from Allen county was saved from serious injury today by guards when enraged fellow prisoners began to beat him for tearing down an American flag from the wall in the prison bakery. Berger is an uneducated German. He was given an indefinite sentence to solitary confinement by Warden Thomas. Although prisoners lose their citizenship when they are received at the prison, patriotism is rampant in the penitentiary. Hundreds of flags decorate the cells and the work benches in the shops.

CHICAGO ENLISTMENTS 1609; LICENSES 3256

(Associated Press Telegram)
Chicago, April 13.—Since war was declared April 6, enlistments in the army, navy, marine, the First Illinois infantry and the First Illinois cavalry numbered 1,609 in Chicago. This compares with the issuance in the same period of 3,256 marriage licenses for which there has been an unprecedented rush since war was ordained. The recruiting figures represent only those who passed the physical examination and were accepted. In complete statistics show that approximately three men out of four were rejected. This would make 5,436 the actual number of applications. The rate of recruiting at army has been about 125 men accepted each day.

FRANK ROCKEFELLER ILL.

GEN. CARRANZA ASSURES ALLIES OIL FROM TAMPICO

(Associated Press Telegram)
Washington, April 13.—General Carranza has given positive assurances to the United States that oil supplies from the Tampico fields and other Mexican sources will not be denied the United States or Great Britain. Mexican oil is the principal fuel for British and French war vessels.

BOYS FOR FARM WORK.

Chicago, April 13.—More than 6,000 boys above the age of 16 will be released next Monday from the high schools of Chicago, provided they take a pledge to work on farms in Cook county or enter some employment by which the food supply of the nation may be increased. Jacob Loeb, president of the board of education, signed the order releasing the boys from school work and it is to be read today in every high school in the city.

INDICT GERMAN FOR PLOT WITH MEX. COMMANDERS

(Associated Press Telegram)
El Paso, April 13.—Indictments were returned today in the United States district court against Mrs. Amelia Toennigs, Clarence Toennigs, Josephine Toennigs, her son and daughter and Henry Branch, all Germans, charging them with "conspiracy to levy war against the United States by inducing and instigating Mexican military commanders to invade the United States from Mexico."

ENTIRE BASEBALL TEAM ENLISTS FOR NATION'S DEFENSE

(Associated Press Telegram)
Chicago, April 13.—An entire baseball team has left a church league in Cook county to enlist for service with the National Guard. Six members of the team representing the Bethlehem Norwegian Lutheran church have enlisted in the First Illinois cavalry. Four others are preparing to follow them and the manager of the team, Karl Peterson, a former navy man, has announced his intention of returning to the navy as a gun pointer. Albert Christensen, shortstop of the baseball team, was unable to qualify for enlistment because of his weight but his companions fed him bananas and water until he acquired enough weight to pass the examination.

HAIG'S FORCES ON 9-MILE FRONT ARE VICTORIOUS

Offensive Near St. Quentin Was Not Stopped By the German Retreat

BRITISH REORGANIZED QUICKLY WITH SUCCESS

French Also Take Trenches South of St. Quentin and the Oise

(Associated Press Telegram)
New York, April 13.—Great holes are being driven in the famous Hindenburg line by the British in their powerful offensive thrust from Lens to St. Quentin. Having cleared Vimy ridge the northern pivot of the line, and taken Monchy Le Preux, a key point to the southeast of Arras, compelling the Germans to look backward for another line on which to make a stand against the impetuous onrush, the British are also giving attention to another important sector of the northern front, that between St. Quentin and Cambrai.

Today's official report from London tells of a notable victory won in an assault on this sector of the line, along a nine-mile front. Position after position was taken by General Haig's forces on this front, between Hargreave, eight miles northwest of St. Quentin to Metz-En-Couture ten miles southwest of Cambrai.

It was in this region that the German retirement of last month took place. According to the Germans the retirement was to have delayed any contemplated British offensive here for weeks if not months. Nevertheless, the British have evidently been able to organize their communications and bring up their guns across the devastated territory and to deliver a smashing and effective blow within a comparatively few days.

While the British were halting momentarily on the northern end of the line to consolidate their gains and move their artillery, and meanwhile attacking in the center, the French chose the opportunity to make a sharp thrust south of St. Quentin. Their attack was delivered this morning and its success is recorded in the Paris official statement, which reports the capture of several lines of trenches between the Somme and the St. Quentin railway against desperate German resistance.

General Nivelle's troops also have kept up their offensive movement south of the Oise, making further progress east of Coucy La Ville.

U-BOAT ATTACKS SHIP NEAR CUBA SAYS SURVIVOR

Key West, Fla., April 13.—The British sailing ship *Trevel*, Captain Williamson, was sunk by a German submarine off Cienfuegos, Cuba four days ago and all hands landed at the Cuban port a few hours later, according to C. Peterson, a member of the crew, who arrived here from Havana late yesterday.

Peterson claims to be a naturalized American of Norwegian birth. The vessel was sunk by bombs placed aboard by the Germans. Peterson declared. The *Trevel*, a full-rigged sailing ship, was proceeding from Jamaica to Cienfuegos for a cargo of sugar for Queenstown.

Soon after the submarine was sighted off Cienfuegos, the German launched a canvas boat, and two officers and six armed men came aboard the *Trevel*, giving the crew 10 minutes to take to their boats. When the small boats had cleared the ship, the Germans placed bombs forward and aft and destroyed the vessel. The crew of the *Trevel* was in the boats four hours before being picked up by a tug and towed to Cienfuegos.

Peterson declared Cuban papers refused to publish an account of the sinking "because it might do the country harm," he said. He learned that the rest of the crew took passage for England aboard a vessel belonging to the Haines Steamship Company.

SEVEN CARS DERAILED TRAFFIC WAS DELAYED

Seven cars on a Pennsylvania east bound freight train were derailed at Ontville last evening about 5 o'clock. The wreck delayed traffic for several hours. Both east and west bound passenger trains were caused a delay of about two and a half hours. It is not known just how the wreck occurred, but is supposed to have been caused by a broken or weakened beam. No one was hurt and the wreck was cleared away before noon today.

NAVY ENFORCES DRASTIC ORDER ON NAVIGATION

Defensive Sea Areas Along Coast Designated By Extensive Order

NO VESSEL IS ALLOWED WITHIN AREA AT NIGHT

Patrol Boats May Fire On Craft Ignoring Conditions of Latest Order

(Associated Press Telegram)
Washington, April 13.—An executive order designating "Defensive sea areas" on coasts of the United States and its insular possessions was made public today. Regulations governing the movements of vessels in these waters are appended and the order concludes with this statement:

"The responsibility of the United States of America for any damage inflicted by force of arms with the object of detaining any persons or vessel proceeding in contravention to regulations duly promulgated in accordance with this executive order shall cease from this date (April 5th)."

The areas specified are: Month of the Kennebec river, Portland, Me.; Portsmouth, Boston, New Bedford, Newport, Long Island east, New York east, New York main entrance, Delaware river, Chesapeake entrance, Baltimore, Potomac, Hampton Roads, Wilmington, Cape Fear, Charleston, Savannah, Key West, Tampa, Pensacola, Mobile, Mississippi, Galveston, San Diego, San Francisco, Columbia river, Port Orchard, Honolulu and Manila. An inner and outer limit is fixed for each area and the secretary of the navy is charged with the duty of publishing and enforcing the regulations. Entrances for inbound or outbound vessels are designated for each port.

"Boats and other craft employed in the harbor entrance patrol will be distinguished by the Union Jack, which will be shown from a position forward; they will also fly the usual naval pennant. At night they will (Continued on Page 2, Col. 4.)

BRAZILIANS ARE URGED TO LEAVE GERMANY AT ONCE

(Associated Press Telegram)
Rio Janeiro, April 13.—Foreign Minister Lauro Muller has cabled to Brazilian minister in Berlin asking him to urge all Brazilians in Germany to leave the country within 24 hours. A decree has been issued withdrawing the exequatur of the German consuls. The ministers of France, Great Britain and Italy conferred at length with Dr. Muller. An official inspection of the German ships seized in Brazilian ports shows that important parts of the engines are missing, rendering the vessels practically useless.

Renewed anti-German demonstrations occurred last night. Crowds gathered before the German club and hooted after which they proceeded to the legations of Chile and Argentina and cheered the ministers of the two sister republics. The League of Friends of the Allies has approved the following propositions which have been placed before the president:

"First, the disarming of the confederated German rifle societies in southern Brazil; second, the prohibition of correspondence between German subjects through either foreign or domestic means; third, the suspension of German newspapers and publications which spread ideas calculated to alarm or confuse the public mind; fourth, to offer the allies and the United States the co-operation of the Brazilian fleet; fifth, to sequester all German ships until more radical measures can be taken; sixth, the dismissal of Dr. Lauro Muller as foreign minister and the appointment of his successor."

FIRE ON PLOTTERS

(Associated Press Telegram)
Cincinnati, April 13.—What is believed by military and police officers to have been an attempt to blow up or cripple a waterworks plant was frustrated early today when a sentry guarding the works participated in a shooting encounter with three men whom he surprised while they were digging near the key chamber to the valve system of the filtration plant.

The sentry called to the men to halt but instead the men opened fire with revolvers and escaped. The guardsman was uninjured but three bullets went through his clothing while a fourth hit his bayonet scabbard.

A crow bar was found near a deep hole that had been dug directly over the main pipe leading to the key chamber.

NEED MILLIONS TO PROVIDE FOR FAMILIES LEFT

(Continued From Page 1)
give full pay during the war to every man who bore arms. This was intended, it was explained, to encourage enlistment.
Something like ruinous chaos threatened many of the important industries of Great Britain and Canada after a year or more of this drain upon business, the American manufacturers were informed. The generous offer made at the beginning of the war, a peace which public sentiment fostered and encouraged, but which business was unable to keep up. The result has been, the investigation shows, that undertakings made by heads of firms throughout the industries of their employees had to be cancelled, and the entire method of dealing with the problem in Great Britain and Canada has had to be readjusted.

Among Canada's chief difficulties was the system by which individual firms permitted their employees to go to the front on full or part pay, thereby establishing an "undemocratic order of things" in the trenches. The Canadian employers concluded that a condition where men fought side by side with a different ratio of remuneration for their patriotism naturally bred discontent and, in their opinion, was morally wrong. Enlistments, moreover, were discouraged without regard to skilled or unskilled labor with the result that production was severely handicapped.

Employers who had promised their employees to give them back their own jobs, found it impossible to fulfill their promises. Many came back maimed and injured and after two years of war, a vast army of temporary help had been created in the factories. The problem of getting rid of this temporary help proved a difficult one.

The employer in Great Britain and Canada would first of all, it was explained, provide for "selective conscription", taking young unmarried men, and even from this first draft send back to the factories every man who was a skilled workman.
The British and Canadian government have decided, the American manufacturers have been informed, to pay a "subsistence allowance" to each dependent family, representing a figure sufficient for food and rent alone. That has been figured out to be \$51.68 a month for a family of two adults and three children, paid by the government direct to the dependent family.

Then there is the "separation allowance" of \$20 a month per family, for moderate comforts, clothes, etc., and the "compassionate allowance" made at the discretion of a central agency distributing the fund in exceptional cases.

These "separate" and "compassionate" allowances are not paid by the government but come out of a national patriotic fund raised by voluntary public subscriptions and distributed through some central agency. It is understood that in this country a very definite analysis would have to be made for the adjustment of these allowances, in accordance with varying cost of living and different standards of living existing in various parts of the country.

To Build Up— After Grippe, Colds —Bad Blood

Take a blood cleanser and alterative that starts the liver and stomach into vigorous action, called Dr. Pierce's Golden Medical Discovery because of one of its principal ingredients—the Golden Seal plant. It assists the body to manufacture rich red blood which feeds the heart—nerves—brain and organs of the body. The organs work smoothly like machinery running in oil. You feel clean, strong and strenuous instead of tired, weak and faint. Start to take it to-day and before another day has passed, the impurities of the blood will begin to leave your body through the eliminative organs, and in a few days you will know that the bad blood is passing out, and new, rich, pure blood is filling your veins and arteries.

Careless Use of Soap Spoils the Hair

Soap should be used very carefully, if you want to keep your hair looking its best. Most soaps and prepared shampoos contain too much alkali. This dries the scalp, makes the hair brittle, and ruins it.

The best thing for steady use is just ordinary mulsified coconut oil (which is pure and greaseless), and is better than the most expensive soap or anything else you can use.

One or two teaspoons will cleanse the hair and scalp thoroughly. Simply moisten the hair with water and rub it in. It makes an abundance of rich, creamy lather, which rinses out easily, removing every particle of dust, dirt, dandruff and excessive oil. The hair dries quickly and evenly, and it leaves the scalp soft, and the hair fine and silky, bright, lustrous, fluffy and easy to manage.

You can get mulsified coconut oil at any pharmacy, it's very cheap, and a few ounces will supply every member of the family for months.

NAVY ENFORCES DRASTIC ORDER ON NAVIGATION

(Continued From Page 1)
show a vertical hoist of three lights, white, red and white, in the order named.

"No permission will be granted to other than a public vessel of the United States to cross a defensive sea area between sunset and sunrise, nor during the prevalence of weather conditions that render navigation difficult or dangerous. A vessel arriving off a defensive sea area after sunset shall anchor or lie to at a distance of at least a mile outside its limits until the following sunrise; vessels discovered near the limits of the areas at night may be fired upon.

"Any master of a vessel or other person within the vicinity of a defensive sea area who shall violate these regulations, or shall fail to obey an order to stop or heave to or shall perform any act threatening the efficiency of mine or other defenses or the safety of navigation or shall take any action inimical to the interests of the United States in the prosecution of war, may be detained therein by force of arms and rendered himself liable to prosecution."

BUSINESS MEN ON CHURCH ST. WANT CLUSTER LIGHTS

Ten fine cluster lights, purchased by popular subscription from business men on Church street, between Hudson avenue and Fourth street, have been lying in storage since last October because the public service department has not had the time or the experience to help needed to install them. Business men interested in the matter have reached the point where their patience is about exhausted, according to one of them today.

"We purchased the lights on the promise of the service director to install them. The lights represent an investment of more than \$600 and when we finally get them up and in operation, will add to the attractiveness of the street as well as the city generally. No doubt the movement would spread if business men received what we regarded as proper co-operation. We have been promised the lights from time to time but so far the promise is all we have secured."

Service Director Christian told one committee that he did not have the necessary expert labor to do the work.

B. & O. WILL HELP GET LABORERS FOR LICKING CO. FARMS

An agency through which farmers may secure additional labor and thus plant the maximum acreage of crops is a new departure of the B. & O. railroad under the direction of the commercial development department working in conjunction with the traffic department.

The plan as outlined in instructions received by C. R. Potter, freight agent here, includes an employment agency and farm labor report.

Blanks are furnished on which the farmer may report his name and address, distance from station, acres now devoted to each crop, number of farm hands needed, etc., additional acreage which could be planted with sufficient help, and the wages with board and lodging.

The instructions also boost the "migration of the farm" movement for business men and professional men in the cities. It is one feature of the campaign to utilize every available resource of the nation to produce foodstuffs. Mr. Potter will gladly furnish information to anyone interested.

(Associated Press Telegram)
Washington, April 13.—General problems by the entrance of the United States into the world war were discussed at a conference today between President Wilson and J. J. Jusserand, the French ambassador. The meeting was preliminary to discussions which will take place on the arrival here of the French commission, headed by Minister of Justice Viviani.

The question of sending to Europe an American commission, made up of financial and business experts is under discussion but a final decision has not been reached.

All the names of the French commissioners who are coming to this country have not been disclosed but it now definitely establishes that the commission will include General Joffre, representing the French army.

One of the senior admirals whose name has not been given to the officials here will represent the French navy. Supporting M. Viviani minister of justice and former premier of France in the presentation of state and diplomatic subjects will be the Marquis Pierre de Chambrun, a member of the French chamber of deputies, a lineal descendant of LaFayette. Marquis de Chambrun married an American girl, daughter of Bellamy Storer, one time ambassador to Vienna.

There will be three other members of the commission but their names have not been disclosed.

Plans for the reception and entertainment of the French and British commissions expected here soon have already been begun.

Ever honor possible will be accorded to the visiting delegations upon their arrival at an American harbor.

No details of the date or place of arrival or the route traversed will be made public.

MYSTERIOUS FIRE DESTROYS PLANT AT NEWCOMERTOWN

New Comerstown, April 13.—Fire, originating in the machine shop of the Rex-Saw and File company last night did \$200,000 damage. Twenty-five federalized guardsmen stationed here aided in fighting the flames. The water pressure was inadequate and the plant was destroyed. No explanation of the cause of the fire could be obtained.

Officials of the company said fire was discovered Wednesday night at about the same hour, but they were able to extinguish it before it gained headway.

OHIO NEWSPAPERS IN A RESOLUTION SUPPORT WILSON

Cincinnati, April 13.—"We, the members of the Select List of Ohio Daily Newspapers, in convention assembled, hereby pledge our newspapers to support President Wilson in his declaration that American citizenship and American rights must be respected and protected on land and sea and that the law of the civilized nations of the globe be upheld."

Representatives of 43 daily newspapers of Ohio, in session here, last evening unanimously adopted the above resolution and instructed their secretary, C. H. Spencer of The Newark Advocate, to weave the message to the president, together with a list of the papers in this state so pledging their support.

The next meeting of the Select List will be held at Portsmouth in June.

BERLIN REPORT DENIES SUCCESS OF ALLIES

Berlin, via London, April 13.—On the northern wing of the Arras battlefield, says the official statement issued today by the German army headquarters staff, preliminary successes of strong British attacks against Angres and Givenchy-en-Gohelle were balanced by German counter thrusts.

The German statement adds that on the roads from Peronne to Cambrai and Le Cateau minor engagements occurred yesterday between Gouzeoncourt and Hargicourt.

Lively artillery fire against St. Quentin and adjoining lines to the southward of that city was continued, the German statement says, preparatory to French attacks this morning on both banks of the river Somme. The attacks it is added failed.

From the Arras-Gavrelle road to the river Scarpe, says the German official statement, British divisions which twice attacked were repulsed with heavy losses.

WRECK DELAYED KELLY; WAS LATE TO WORK

Leonard Kelly of Mt. Vernon, was in the city a few minutes last evening, coming here from Columbus and returning to that city at midnight. From there he expected to leave for the Knox county capital in time to report for duty early this morning at the Pennsylvania offices where he is employed as chief clerk to the superintendent. Mr. Kelly stated that his marathon railway stunt was caused by the wreck of a number of freight cars at Outville. He had gone over to Columbus from Mt. Vernon to meet a number of Republican political leaders and came to this city to catch the 9:50 train for Mt. Vernon, but the wreck west of here held him up and he did not arrive until two hours after his train had departed. He took a train back to Columbus and got out of there at 3 a. m., reaching home in time for breakfast.

OLD GUARD SALUTES NEW FLAG AT WEHRLE'S

Members of the Old Guard in full uniform went to the Wehrle plant yesterday afternoon at 2 o'clock, where they were received by officials and escorted to where the Wehrle Brothers had hung a large American flag from the office to the top of the largest ever brought to the city and presented a beautiful appearance as it floated proudly in the breeze. The Old Guard lined up and saluted the flag, afterwards firing a volley in its honor.

LEMERT RESPONDS TO NATION'S CALL; ACCEPTED BY NAVY

Newark made her first response to the country's call for men to join the ranks of the army and navy in the present crisis, when J. J. C. Lemert, aged 17 years, of 539 Hudson avenue, appeared bright and early at the recruiting station for the navy which was opened in the Memorial building this morning.

Just a lad, who had worked but a few weeks on his first position as messenger for the Western Union, he made his application at the headquarters this morning, underwent the physical examination and was accepted. He will be sent to the training school at Chicago from two to six months.

The recruiting party arrived in the city today, and headquarters were opened at once on the second floor of the Memorial building. In the party are R. A. Maahs, of Cleveland, gunner's mate, representing the gunnery department and W. S. Rickey, Philadelphia, water tender, representing the engineering department.

At 10 o'clock three applications had been made and two were rejected on account of bad ears and eyes. The party will remain in Newark until Monday evening.

The examination requires that the applicant be an American citizen, be between the ages of 16 and 35 and in good health. The physical examination is a careful one, including minor ailments. All applicants under twenty-one must serve as apprentice seamen for six months. They are given \$60 worth of clothing when they enter the service, no civilian clothing whatever is required. They are given board and lodging and are paid \$17.60 a month, the money being paid twice a month. After six months the wages are increased to \$20.90 a month, and the applicant is then given an opportunity to work his way up in the service, the wages increasing as he becomes proficient.

The navy has been attracting many women over the country and while the local party is not qualified to enlist the women they will forward the matter to the main headquarters. Miss Bernice Krein, stenographer in the office of the Morning Republican at Findlay, is an applicant. Women are assigned as a yeoman, and pass an examination in clerical work. If they are accepted they are assigned to beach work, or in recruiting stations, no woman being permitted on battleship. They receive \$77 a month and are given a \$1.50 a day extra for their maintenance.

The members of the recruiting party say they have been meeting with big success, especially since war has been declared. They came to Newark from Mansfield, where eight men enlisted. In Marion, 13 enlistments were made and Lorain had 18 men enter the service. At Sandusky 14 entered the service but at Findlay there were no enlistments.

The navy department affords a wide scope for the services of its men. It is probably the most attractive of the government service. All trades and crafts are given consideration, and any man over 21 years of age who enlists is permitted to take an examination in his particular trade or profession and if he passes he is assigned to his own work.

It affords a wealth of experience, an opportunity to learn a trade if inexperienced, and to visit all parts of the world. It betters a man physically and presents an opening to work into better things.

The headquarters will be open from 8 o'clock in the morning until 9 o'clock in the evening.

Now is the time and opportunity to show real service, and genuine loyalty to country and cause.

RECRUITING CAMPAIGN IS SHOWING RESULTS

(ASSOCIATED PRESS TELEGRAM)

Washington, April 13.—The tremendous campaign for the navy is beginning to show results.

During the first 12 days of April a net gain of 4,871 men for the regular service was recorded. The figures for the last two days of that period were respectively 535 and 556 men, showing the steady increase in the daily average of applicants.

The total enlisted strength now is approaching the 70,000 mark. President Wilson has already authorized recruitment to \$7,000, the maximum allowed by law, and pending legislation will provide for a total force of 197,000 including the coast defense reserve, the only present volunteer element.

When the \$7,000 figure has been reached, it is possible that subsequent enlistments will be permitted "for the duration of the war," which would enable the active service to be filled up with war volunteers.

KINDNESS TO ANIMALS
WEEK.

Amid the shock of a war declaration, the regular interests of life seem small and trifling. Yet our ordinary lines of civic and humane work must go on for many a day before peace is declared. So in this moment of turmoil, attention should be called to Kindness to Animals week, April 16 to 21.

This observance was started two years ago by the Humane societies, chiefly for the educational work in the schools. Every owner of a domestic animal should of course celebrate Kindness to Animals Week for 52 weeks in a year. But to get the attention of children, a special observance like this is useful.
Daily life is full of maltreatment of animals. People don't desire to inflict suffering, but they simply don't think. And it seems strange in particular, that an animal that performs so much of the world's hard work as the horse, should so often be the worst neglected. The business welfare of the owner depends on keeping him well. But too frequently he is an ill fed starveling, and often a sufferer from heat and cold.

Children should be taught to feel affection for dumb beasts. They should be shown how with a little kind care, they can win the friendship of these animals. By thoughtful attentions they can develop a personal tie of affection with an animal like the horse, who under such care becomes more docile and ready for his tasks.
Once a child's eyes are opened to study of animals, he gets a new interest in the world. He finds pleasure in the comfort and well being of these members of the family, and feels indignation at neglect and abuse. If these ideas can be thoroughly installed into the minds of the children, the next generation will get more efficient service out of these laborious helpers, and it will enjoy their companionship more.

AMERICAN PHYSIQUE.

A great many would be recruited for the army are being rejected on account of physical defects. It is a disquieting suggestion that American youth is not physically as vigorous as it should be.
The type of fellows one finds in colleges and the higher schools show up well in this respect. They have commonly developed their bodies by athletics. But when you stand outside the average factory and office, and watch the young men coming out, there are too many pale and flabby faces. Of course a fellow doesn't show up for his best with the dust and dirt on him. But the average Sunday street crowd, with everyone rigged up in his best, shows a great many youthful faces that indicate physical debility.

In many cases this is due to unsanitary, unventilated workshops. But the progressive manufacturer knows that he must provide wholesome conditions now or his help will not work with any life. If there is a lack of physical vigor, it must be due also to other causes.
Probably the prevalence of vices is the principal reason for physical defects. Millions of American youth spend spare time in loafing places and hangouts, dissipating and inflaming themselves with cigarettes and alcohol. Other well known causes weaken physical and moral fiber. They think they are smart and enjoying life and feel that old fashioned morality is only for old maids and ministers.
They pay their price for their fun. The army does not want them because they are not sound of mind and limb. No employer cares for

Glaucoma.
Persons affected with glaucoma should not bear children. The non-affected progeny of a glaucoma family can bear children if the grandparent did not develop the disease until he or she was over 50 years of age, and if he or she is within less than ten years of the age at which his or her parents became affected. Otherwise he or she should not bear children.—Dr. W. A. Evans in Chicago Tribune.
Isn't it carrying it a trifle too far, doctor, to abnegate this function to man?

TRUTH IS THIS.
(Springfield News.)
If one man hates you, it may be his fault. If two hate you, it may be the fault of both of them. And even if three men hate you, three men may be mistaken. But if all the world hates you, there is something wrong with you, not with all the rest of the world. It is so with the Kaiser. If only France detested his policies, France might be mistaken. And if only England and Russia joined France, they might both have an erroneous estimate of the German empire. But when all the world turns against the Kaiser, save a little section under the heel of his iron boot, then there must be something wrong with his government. And that is the way it stands today for while there are still several neutral nations that have not declared war against the German government, there is not a nation that favors it unless it be unhappy Mexico, where there is not a stable government.

Keeps Her Children In Perfect Health

Dr. Caldwell's Syrup Pepsin the
Family Laxative for Many
Years.

Mrs. Aug. Doellefeld of Carlyle, Ill., recently wrote to Dr. Caldwell, at Monticello, Ill., that she has used Dr. Caldwell's Syrup Pepsin in her home for a number of years, and would not be without it, as with it she has been able to keep her four children in perfect health.

Dr. Caldwell's Syrup Pepsin is a combination of simple laxative herbs with pepsin that acts on the bowels in an easy, natural way, and regulates the action of this most important function. Nearly all the sickness to which children are subject is traceable to bowel inaction, and a mild, dependable laxative, such as Dr. Caldwell's Syrup Pepsin should have a place in every family medicine chest. It is pleasant to the taste and children like it, and take it readily, while it is equally effective for adults.

Dr. Caldwell's Syrup Pepsin is sold in drug stores everywhere for fifty cents a bottle. To avoid imitations and ineffective substitutes be sure

you get Dr. Caldwell's Syrup Pepsin. See that a facsimile of Dr. Caldwell's signature and his portrait appear on the yellow carton in which the bottle is packed. A trial bottle, free of charge, can be obtained by writing to Dr. W. B. Caldwell, 455 Washington St., Monticello, Illinois.

Society

The members of the Sesame club were delightfully entertained by their husbands Tuesday evening at the home of Mr. and Mrs. Thomas Driscoll in Boyleston avenue. The evening was spent in music and contests, the fortunate ones being Miss Elenore Jones, Mrs. Clutter, Mrs. Haines, Mrs. Davis and Mrs. Wilber Gault. Mrs. Davis gave a reading which was enjoyed by all. The hostess was presented with a gift by the club. The women were then led to a "mysterious club," after which a delicious two course luncheon was served the following: Messrs. and Mesdames L. A. Gault, C. F. Wendelker and daughter, Rhea Mae, L. A. Frainger and son Roland, Morgah Davis, Richard C. L. Wilcox and daughter Geraldine, Henry Froelick and son Delbert, Miller Gault, Mrs. Samuel Gallagher, Mrs. William Gallagher, Mrs. Glen Garlinghouse, Mrs. Charles Haines, Mrs. Vernon Wise and children, Miss Elenore Jones, Mrs. Clutter and children and Mr. and Mrs. Tom Driscoll and children.

Dush-Harris.
On Thursday evening at 7 o'clock, Rev. L. C. Sparks, pastor of the First M. E. church, solemnized the marriage of Mr. Charles E. Dush and Miss Ada B. Harris. The wedding took place at the parsonage of the church, and the couple were attended by Miss Claire Reed, Mr. and Mrs. Dush will reside in Newark.

Mrs. Blanche Smith pleasantly entertained a few guests at her home in Hudson avenue, honoring her mother, Mrs. M. A. Talbot of Clarksburg, W. Va., Mrs. C. Siler and daughter, Mrs. Harry Hardesty of Dayton, O., and Mrs. Joe Rieger and daughter, Miss Charlotte Rieger of this city. The little guests were Mildred and Charles Hardesty and little Virginia Bigbee. The afternoon was very charmingly spent and a dainty repast was served.

The annual business meeting of the Women's Music club was held on Thursday afternoon at the home of Mrs. A. A. Stasel in East Locust street. The concert course for next year has not been completed, and the plans were discussed and given over to the executive committee for decision.

The annual election of officers was held, all officers being elected with the exception of the president, Mrs. Harry Hays, who was elected last year for a two-year term, as was one director, Mrs. C. W. Miller. The officers elected were:

Vice president—Mrs. Emmett Baugher.
Recording secretary—Mrs. George D. Upson.
Corresponding secretary—Mrs. H. F. Moninger.
Treasurer—Mrs. John H. Franklin.

Director—Mrs. T. J. Daly.
Mrs. Daly as director and Mrs. John H. Franklin as treasurer were elected for two-year terms.

Mrs. William Frankenberg entertained the members of the Krochka club on Wednesday afternoon at her home in West Main street. A patriotic contest was enjoyed, the souvenirs being awarded to Mrs. William Wiener and Mrs. T. K. Stewart.

Luncheon was served in the dining room which was arranged with the club colors, yellow and white. The next meeting of the club will be held at the home of Mrs. Lloyd Horn on the Hebron road, April 25.

The Woman's Missionary society of the First Baptist church met in the church parlors Thursday afternoon at 2:30 with Mrs. E. Cary Norris as hostess. The devotional leader was Mrs. Jane Brown and Christ's Resurrection was the Scripture lesson. Mrs. Bromley, Miss Ditzel and Miss Petterolf of the Bromley party, gave interesting talks. "Our Neighbor, Japan," was the topic of the afternoon. Two papers were given by Mrs. Charles Allen and Mrs. Sperry. The program was followed by a social hour. Sixty-five women were present.

One of the prettiest afternoon parties to be given following the Lenten season was the bridge party given on Thursday afternoon by Mrs. Malcolm Baker at her home in Webb Place.

Charming was the touch of spring given to the home by the use of a profusion of spring flowers, jonquils and pink roses being used throughout the rooms. Fifty guests were assembled at the card tables and the souvenirs for the afternoon game were awarded to Mrs. Fulton Van Voorhis and Mrs. Clarence Heisey.

The only out of town guest was Mrs. Thomas Rolf of Cleveland, who is the guest of her parents, Mr. and Mrs. Richard Collins of Hudson avenue.

Miss Kenzel Roeger and Amelia Verheyen entertained at the home of the former in honor of Miss Margaret Morris of Corning, who is the guest of Amelia Verheyen. The evening was spent in music and at a late hour the guests were invited to the dining room where a delicious supper was served, the table being decorated in red, white and blue. The center of the table held red hyacinths. Those present were: Misses Margaret Morris, Ethel West, Goldie Imhoff, Amelia Verheyen and Kenzel Roeger, Messrs. Chester Cocconour, William Verheyen, Art Leist, Fred Lippincott and Paul Sneiling.

Mrs. A. E. Williams entertained the Busy Fingers club Thursday at her home in Tenth street. Mrs. Geo. Nichols will entertain the club Thursday, April 26.

Miss Ethlyn O'Brien is entertaining at her home in Western avenue this evening with an informal dance honoring Miss Lillian Birker, and several out of town guests.

A surprise birthday dinner was given on Mrs. E. J. Fox at the home of her sister, Mrs. E. O. Carrico in Weiant avenue on Thursday. The home was decorated with American flags and the hours were spent with music and contests, for which the

prizes were given to Miss Kathryn Gruber, Mrs. Frank Ogil, Mrs. A. D. Leak and Mrs. Floyd Stedman.

Mrs. Fox received many useful gifts. The guests were Mrs. D. E. Shauck, Mrs. Floyd Stedman, Mrs. A. D. Leak, Mrs. Frank Ogil, Mrs. William Snooks, Misses Kathryn Gruber, Freda Fox, Florence Ray, and Master Rex Leak.

Obituary

Mrs. Fannie E. Boyd.
Fannie E. Boyd was born, Feb. 14, 1839, and departed this life April 9, 1914, aged 75 years, 1 month and 26 days.

She was united in marriage with John C. Loyd, April 12, 1859. To this union were born ten children, eight of whom survive to mourn their loss of a loving mother.

Two children died in infancy and the husband and father passed away on March 3, three years ago. The children who survive are, Miss Altha of the home, Mrs. Ella Raymond, Mrs. Ida Brown, Charles and Frank of Utica, John, Mrs. Lena Norris, Mrs. Blanche Thompson of Newark. Beside these there are 29 grandchildren and two great-grandchildren.

She united with the Lutheran church early in life but later transferred her membership to the First Christian Church in Utica, where she was a faithful member till her death. For several years she was unable to attend services on account of poor health but she lived a quiet Christian life in her home.

She is the last one of a family of nine children and had lived her entire life in the vicinity of Utica where she was loved by all who knew her.

The funeral was held at her home one-half mile west of Utica on Wednesday, April 11, at 1 p. m. and interment was in the new cemetery of that place.

In Memoriam.
In memory of our sister, Nellie G. Hughes, who died April 13, 1912. Sweet and peaceful be thy rest, Forget you we can never; God called you; He alone knows best His will be done forever.

Mr. and Mrs. Geo. Hughes.

\$4.50 Buys 9-Inch Boots of Really Fine Black Kid

We guessed right last fall when we bought these boots.

First, we guessed right and got the style correct.

And second, we guessed right on the price question. We bought and paid for enough of these boots at old prices so we will be able for a few weeks to sell good-fitting, stylish boots, easily worth \$5.50 at a whole dollar less.

Price \$4.50, Either Button or Lace

WRINKLES

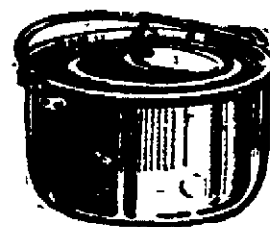

Wrinkles come to almost every woman at some time and there is nothing aside from some serious disease, for which the average woman feels a greater horror and repugnance. It is woman's privilege to be beautiful, and most women are anxious to have a complexion that is clear, smooth, fresh and youthful looking.

But this much to be desired condition can only be brought about by intelligent attention to the needs of the skin. Wrinkles disfigure, and a dry, scaly rough skin spoils any woman's good looks. To those whose skin has reached this condition we suggest the application of Usit, a pure nut-oil, liquid preparation (not a cream or paste) made from an Egyptian formula, said to have been in use for centuries by famous beauties away back to Cleopatra's time. Usit seems to be the only thing that will feed the hungry, dry skin back to youthful smoothness, freshness, and plumpness, and drive away all the disfiguring wrinkles that come so quickly when the skin is not properly nourished.

A few applications of Usit prove its worth, and continued use for a reasonable time brings results that are no less surprising than pleasing. It is necessary to apply it only at night, when retiring. T. J. Evans, Newark's Original Cut Rate Drug Store, or any other first-class dealer can supply it. It is a splendid skin food, daintily perfumed and guaranteed to contain nothing that will cause hair-growth, and a fine treatment also for freckles, black-heads and many forms of eczema.—Advertisement.

Post This Bodyguard Around Your Children

You Can Keep Them Free from
Colds Without Dosing.

These two fine boys have a "Little Bodyguard" to protect them against sudden attacks of croup or cold troubles. Their mother Mrs. C. C. Evinger, 1324 N. 6th St., Terre Haute, Ind., writes—

"I have tried your Vick's VapoRub on my two boys (who are nineteen months and three and one-half years old respectively), and have found it very satisfactory when they had the croup. The first application helped to loosen the phlegm, making them rest more easily, and they were able to sleep. VapoRub also helped them when they had severe colds. I can recommend it to all mothers."

But the best part about this "Little Bodyguard"—VapoRub—is that it is applied externally and hence can be used freely, with perfect safety, on the smallest child, as often as wished. Three size, 25c, 50c or \$1.00.

Three New England Women Overjoyed at Relief
From Pain and Stiffness of Joints.

Three New England women are today congratulating themselves over their recovery from rheumatism. Miss L. McMasters 312 Humphrey street, Lowell, Mass., said:

"The pain and stiffness has left my joints, but I will never forget my experience in a wheel chair. For seven years I had not known a day that I did not have pain. Trunk straps were fastened around my

assistance. I am now free from rheumatism, thanks to Var-ne-sis, and I have often prayed that Mr. Varney might be long spared for a continuance in the work that he is doing for sufferers."

"The pain when they carried me from the bed to the dining room, I'll never forget," said Mrs. W. B. Rounseville of 11 Cook street, Lynn, Mass. "It's too wonderful for words to be free from rheumatism at last."

body to get me upstairs. On the top step I was laid on a rug and dragged to the bed. The fingers of the right hand were drawn into the palm and the hand drawn to the body. I had to be fed and dressed like a child. I am overjoyed at my recovery and must give Var-ne-sis all the credit."

Mrs. F. Cheeney of Moosup, Conn., said: "The only pain I ever get from rheumatism now is the thoughts of my suffering in the wheel chair and when I had to go about on crutches. I suffered from rheumatism of the joints for five years. My hands, wrists, knees, feet were swollen from a chalky deposit and I was helpless. My legs were drawn up so that they could not be straightened. For one year I did not leave the bed without

For twelve years I suffered—it seemed a lifetime. Gradually almost every joint in my body became afflicted so that I would have to have some one assist me. I was unable to bend my knees and finally had to go to bed. Var-ne-sis was recommended and after taking the medicine some time every sign and symptom left me. To see me now no one would believe I ever had rheumatism."

Unlike other anti-rheumatic preparation Var-ne-sis tends to help the stomach. Send to W. A. Varney, Lynn, Mass., for "The story of Var-ne-sis." It's free.

M. H. BAKER IS NEW DIRECTOR ELECTED BY MEM. BUREAU

M. H. Baker was elected a director for two years of the Chamber of Commerce by the membership council at the annual meeting of that bureau last night. Ray Martin, who has served so efficiently on the board of directors, was unanimously renominated. Despite the insistence that he accept another term, he declared that business and personal matters would not permit him to give the time necessary for the work and his declination was reluctantly accepted.

Mr. Martin spoke of the work by the bureau and predicted that, if it continued to devote itself to community affairs and its members gave the proper attention to the meetings, the bureau would become a force for much good.

A committee consisting of the chairman, the director-elect, Ray Martin, Henry Schmidt and W. H. Knapp was appointed to work out a plan of reorganizing the council for the coming year and arrange a program of activities. It will meet Wednesday afternoon, April 18, at 4 o'clock.

URGE HIGH SCHOOL STUDENTS TO TAKE CRISIS SERIOUSLY

During the chapel exercises at the Newark High school this morning, Supt. Wilson Hawkins gave a timely talk to the assembled students.

He said the time was opportune for the student body to assume a responsibility toward the country, and he asked the pupils to co-operate in the way of preparedness. He suggested that each one secure a plot of ground, for garden purposes, and aid in the production of food stuffs for use the coming year. All were asked to arouse their enthusiasm for patriotism and to give the matter of being patriotic serious thought. It is planned to place flags at all the entrances of the school and the student body will be required to salute the flag as they enter and leave the building.

In closing, Mr. Hawkins also asked them to systematize their school work and to plan their study so that outside things, such as attendance at the tabernacle and other pursuits, would not interfere with their school work. The close of the school year is a busy one and it is desired to have all students have a good grade standing.

HIGH SCHOOL BOYS WANT TRAINING IN MILITARY TACTICS

The students at the Newark High school are anxious to have a course of military training included as part of the curriculum of the school, and today Prof. O. J. Barnes was consulted about the matter.

Under the leadership of Ray Roach, who lives near Toboso, and who attends the High school, the boys have held a meeting and the resolution was made to present the matter to the faculty of the school. Roach in talking of the idea said that he had the signature of 120 names of those desiring to have the training. The law requires the names of 150 students before an officer will be sent to take charge of the work.

The matter will be presented to the Board of Education at the meeting on Tuesday night of next week and the board will have to consider it before any action can be taken.

What America Will Do To Help Beat Germany

The die is cast. The American people take up the gage of battle which has been forced upon them by the German Government, and will go into the war "up to the hilt" to defend American rights on land and sea, and the fundamental principles of democracy.

It will be no purely defensive war upon which America embarks, for President Wilson in his message to Congress called upon the country "to exert all its power and all its resources to bring the Government of the German Empire to terms and end the war" because "the world must be made safe for democracy."

In THE LITERARY DIGEST for April 14th, public opinion as to the practical steps which should be taken is shown. The submarine peril is one of the first, and perhaps the most important, problems to be overcome. On this subject, press writers in London and Washington tell of plans already made for cooperation between the American and Allied navies. The various view-points upon universal military service, the dispatch of troops to Europe, an agreement with Great Britain, France, Russia, and Japan, for no separate peace, three steps advocated by the Chicago Tribune, are advanced, and arguments for and against them are presented, in addition to other plans.

Other significant phases of the world's news are also shown under these headings:

A World-Tour In An Observation-Car

Those of us who have traveled to any extent are familiar with that luxury of the tourist, the observation-car. It enables the voyager to obtain a clear view of all parts of the landscape through which he is passing. Its windows open impartially upon every side. It affords a panorama of the country to right and left, of the pass ahead and of the long trail winding out behind. It shows you mountain and plain, river and sea, green fields and smoky towns, and you are free to decide which of all these you prefer. There is no compulsion, no tuting. Your judgment is completely uninfluenced. Through the world of events THE LITERARY DIGEST travels in precisely the same manner, giving its readers an unbiased view of all questions, all ideas, all diversities of thought. Here, as in the observation-car, you are free to decide upon your likings. There is no attempt to persuade or convince you. You are simply given a broad view of the facts. The decision rests solely with yourself.

Kidney Troubles Come on Slowly

DODD'S KIDNEY PILLS STOP THEIR APPROACH

Drive Uric Acid from the System, Banish Backache, Dizziness, Lame, Stiff Joints, Purify the Blood and Restore the System to its Natural Healthy Condition. But be sure You Get "Dodd's."

If kidney disease attacked us suddenly, as does gonorrhea or a fever, we would be forced to take to bed immediately. But it doesn't. Its process is slow, destructive and fatal in its constant undermining of health. Do not neglect its very first symptoms and lose no time in repairing the over-worked, sickly kidneys.

Just as soon as appears the slightest backache, throbbing pain through the joints, stiffness in stooping or lifting, start immediately toning the kidneys. Take heed of these danger

signals, as well as spots appearing before or painfulness under the eyes, dizzy spells, rheumatic pains, swollen feet or ankles, bed-wetting, night-urine, arising sediment. Begin taking Dodd's Kidney Pills at once.

For years thousands who have used "DODD'S" to tone and revive their sickly kidneys, have testified to its merits. Be sure to get Dodd's the name with the three D's, for diseased, disordered, deranged kidneys. No similar named article will do. Your money back if not satisfied.—Advertisement.

CLARK'S WIFE COMES BACK FROM GRAVE AT NIGHT TO ARGUE

At Vernon, April 13.—Sam Clark who leaped into prominence as the star actor in the famous Jackson tar-and-feather drama just about a year ago, came up from his farm near New Castle, O., Thursday morning, to interview Sheriff Moss-holder. Clark asserts that the children of his deceased wife refuse to let him take certain livestock from the farm in Jackson township. (Clark was making all sorts of threats. He declared that his wife, who has been dead for several weeks, makes nightly visits to his house, tapping on the window and trying to involve him in arguments.)

ALL MACHINE OWNERS INVITED TO CLUB SMOKER

All automobile owners are invited to attend the smoker to be given at the Trinity Parish club next Monday evening at 7:30 o'clock. At that time Richard Lee of Cleveland, former president of the State Automobile Association, will deliver an interesting address. Mr. Lee was responsible more than any other man for the arrest and conviction of a gang of auto thieves operating in the northern part of the state. His talk will be interesting and instructive to every one.

The treasurer's report will also be made at the meeting, showing just how the funds of the club have been used. While the dues have been small, only \$2 per year, yet much has been done the past year. There was a total collection of \$309.50, which included the sum of \$36.75, turned over to the organization by the old auto club. The sum of \$219.29 was paid out, leaving a balance in the treasury of \$90.21. The Pike's Peak assessment was \$68, dues to the state association \$60, and there was quite a little expenditure for auto tags, signs, painting, etc. There will be no luncheon next Monday evening, just an enjoyable smoker and a get-together meeting of all machine owners.

I'm Sick To Work

Many Women in this Condition Regain Health by Taking Lydia E. Pinkham's Vegetable Compound.

Convincing Proof of This Fact.

Ridgway, Penn. — "I suffered from female trouble with backache and pain in my side for over seven months so I could not do any of my work. I was treated by three different doctors and was getting discouraged when my sister-in-law told me how Lydia E. Pinkham's Vegetable Compound had helped her. I decided to try it, and it restored my health, so I now do all of my housework which is not light as I have a little boy three years old." — Mrs. O. M. Ruess, Ridgway, Penn.

Mrs. Lindsey Now Keeps House For Seven.

Tennille, Ga. — "I want to tell you how much I have been benefited by Lydia E. Pinkham's Vegetable Compound. About eight years ago I got in such a low state of health I was unable to keep house for three in the family. I had dull, tired, dizzy feelings, cold feet and hands nearly all the time and could scarcely sleep at all. The doctor said I had a severe case of ulceration and without an operation I would always be an invalid, but I told him I wanted to wait awhile. Our druggist advised my husband to get Lydia E. Pinkham's Vegetable Compound and it has entirely cured me. Now I keep house for seven and work in the garden some, too. I am so thankful I got this medicine. I feel as though it saved my life and have recommended it to others and they have been benefited." — Mrs. W. E. Lindsey, R. R. 3, Tennille, Ga.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

AUDITORIUM.

"War Brides" with Mme. Nazimova opened a three day showing at the Auditorium yesterday and drew capacity houses at all screenings.
"War Brides," Herbert Brenon's first production for Selznick pictures, with Nazimova in the role in which she scored her greatest stage success, making her debut on the screen, is the greatest picture ever made by this great genius of the picture production. The photo-drama is based upon Marion Craig Wentworth's powerful one-act play, to which many incidents of absorbing interest have been added which could not be staged in the original form of this classic. In its picture version it is a human document of the most intimate sort, with a constant appeal to the emotions.

"The Blue Streak." William N. C. is the most famous, most highly paid and most revolutionary directors in the film industry has enlisted under the William Fox banner his first picture, "The Blue Streak," is a true high product and will surpass even the best of that long list of screen gems which have come from his hand, not even excepting "The Yellow Streak" or "Notorious Gallagher."
Mr. Nigh directed "The Blue Streak." He also directed it. He also played the male lead—after a fervent plea with Mr. Fox, who favors a division of labor in his production.
"The Blue Streak" will be seen on Sunday at the Auditorium together with Charlie Chaplin in "The Count."

"The New Tango Queens." "A Night at the Bath" and "A Room of Mirrors a Reflection" is the title selected for the two new burlesques of "The New Tango Queens" which will be seen at the Auditorium theater next Monday with the usual matinee, they have both been built upon the laugh producing lines, and headed by that clever and popular comedian Tom Coyne, who will be remembered by our patrons for his clever and clean cut work.
The management of "The Tango Queens" have surrounded this clever comedian with the best of the good as the Winter Garden, and includes such well known artists as Harry Harry Milt, Frank Milt, Frank Milt, Eva Lappin, Mlle. Betrice, Dolly Wilson and Mlle. Lovera. The latter being her first appearance in burlesque, having been her management during his recent visit to Paris.

Twenty-five pretty tango artists comprise the chorus, and all that can be done to make this offering one of the best burlesque attractions playing the circuit this season has been done, and will be one of the treats of the year to our patrons. The illuminated runway is a big feature. Seats now selling.

Will Sing Sunday.
Manager Fenberg of the Auditorium saw the Lyceum show at Columbus yesterday and speaks highly of the show and production, the specialties being the one big feature. Mr. Fenberg engaged Chas. Falger a clever vocalist with the company to sing here Sunday next. Falger was one of the big hits at the Lyceum yesterday.

ALHAMBRA.
To secure the proper effect of a real deaf and dumb in his forthcoming picture, "The Mystery of the Double Cross," the Alhambra theater tonight and tomorrow Jack Pickford made a thorough study of his part before attempting rehearsals. He visited a celebrated institution for deaf and dumb children and was the event of their lives to leave the "dumb" appear with pockets bulging with candy.
Vivian Martin, the Pallas-Paramount star who will be seen at the Alhambra Monday and Tuesday in "The Spirit of Romance," an adaptation of the whimsical story by George Middleton, is surrounded by a cast of unusual excellence.

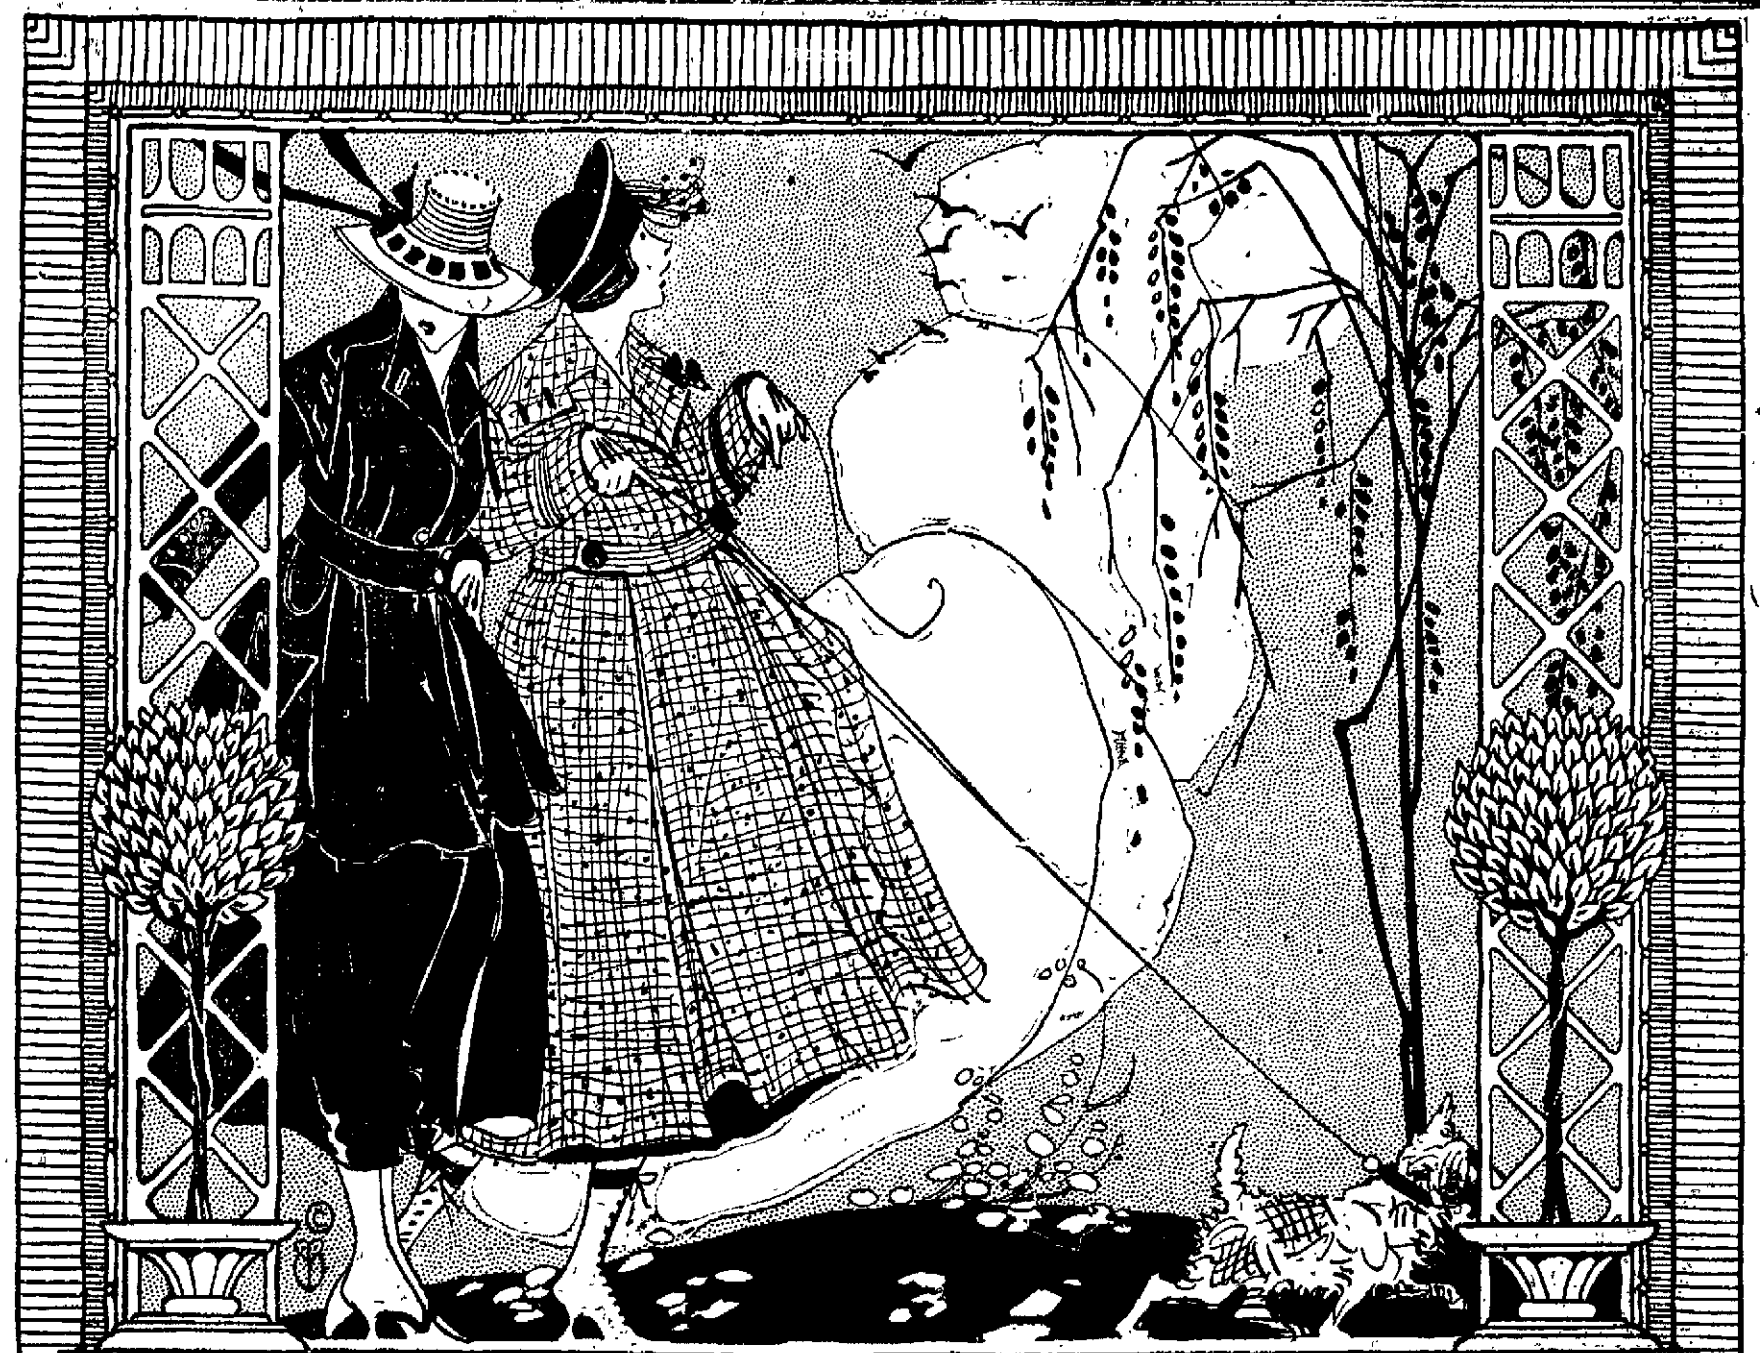

Sunday, one day only, William Russell, in "The Twinkler."
GRAND.
"The Mystery of the Double Cross." At the end of the first episode of "The Mystery of the Double Cross" you will feel like camping out in front of the theater and waiting for the next episode to be shown. There are the beginnings of romance, the very essence of mystery and the most startling of adventures in the short space of two reels of "The Girl in No. 7," Peter Hale, Leon Bary, a gentleman of leisure, while returning to America is baffled, together with others on the ship, by Philip Brewster, Mollie King, who has the room opposite his, but whose identity remains a thing of mystery to all the passengers. Peter receives a wireless telling him the time his voyage is over to make haste to the Astra hotel on his arrival in New York to be returning to him the evening. Peter discovers the mysterious lady searching his belongings. She escapes from him. When a submarine scow sends all passengers to the lifeboats Peter discovers that the girl bears the mark of the double cross on her arm, carrying the double tel. Peter meets his lawyer to arrange matters pertaining to his fortune, when he sees the face of Phillipa peering through the door leading to the adjoining room. He makes another effort to gain her presence, but is unsuccessful. At the Grand next Sunday.

PAUL ENGELS IS AN AMERICAN

Dear Editor:—As there has come
to my notice, some statements con-
cerning me and my nationality, I
ask that you publish the following
statement, over my signature.
I was born in Lyons, a city close
to Paris, France, of French parents.
My mother's name was Servois, and
my father's name was Morell. My
father and mother separated, and my
mother and I went to Germany when
I was five years of age, and I was
reared in Germany. Some time
later my mother married a man
whose name was Engels, and I bore
his name after that.

I was placed in school, until 14
years of age, after which I learned
my trade of shoemaker, in Holtz-
hausen, Rhineland. After this I trav-
eled around the world, and came
back to Germany, started a business
in the city of Hamburg, then I
served two and a half years of my
time in the navy, deserting the navy
before my time was out, on account
of the barbarous treatment of the
German militarists.

I was French blooded, and would
not stand for this treatment, so I
came to the United States and
adopted this as my country. I like
the German people, as a people, but
I can not, and will not stand for the
government. This is the country of
my adoption, my home for all time
to come and I stand ready and will-
ing to defend its rights at any and
all times, against any foreign
power.

(Signed) PAUL ENGELS,
Shoe Repair Man, Masonic Temple.

Continues to Soar.
Food prices continue to soar,
canned goods especially taking leaps
and bounds. Even the poor de-
spised bean is classed as "fancy"
and commands five times the price
for which it formerly could be pur-
chased. One grocer in town who buys
in large quantities purchased 300
bags of beans when they were worth
six cents a pound and his profit on
the same will amount to \$1,000.

Don't Fail to See Our Window Display of Fine Imported Curtains

These handsome curtains are all imported, from France and Switzerland. They are real lace and hand made and are shown in Arabian color. It will be a pleasure to see these unusually beautiful pieces of hand-work, which we are making a special display of this week. Prices \$17.50 to \$65.00 pair

THE GETTING READY OF THE SPRING OUTFIT

Should be taken care of tomorrow. Now when spring has brought back the birds, the grass and the buds to the trees, "New Clothes" is the call to every woman in our city.

A HANDSOME DRESS

Many new models have come in and each one has some distinctive feature to make it the more appealing. No matter what occasion you want a dress for you will be able to find a suitable model here. The styles, the weaves, the colors all mark them as belonging to the new season. There are handsome silk and georgette models in dressy gowns, showing touches of color in many artistic designs. The light weight French serges will be especially suitable for wear without a coat. Very stylish, made in the popular straight line models, showing many novelties in trimming effects by using colored embroideries, fancy buttons and Grecian cords. Colors are black, navy, copen, black and white checks.

Among the latest arrivals are some striking natural pongee models. Some show a figured skirt with the plain coat style waist, others plain skirt and fancy blouses. Still other models are in the straight line effect in plain pongee, with touches of color such as rose and green for trimming. May we have the pleasure of showing you some of the many pretty dresses we are displaying?

SPRINGTIME CALLS FOR NEW WAISTS

Very fresh and beautiful is the waist section now with its new styles, and dainty colors.

DAINTY SILK WAISTS

\$1.98, \$2.50 AND \$3.48

Neat styles in white China silk, with the large flat collar—others show collar of striped silk in colors. Pretty models in crepe de chine in flesh and soft wash silks in colors such as pink, yellow and gold. Some models are plain, while others show tucked front. Hemstitching forms the main trimming and it gives a very attractive finish.

THE NEW LINGERIE WAISTS

98c, \$1.25, \$1.98 EACH

A big range of new styles and fabrics showing all the new collar styles. Sheer fabrics, some plain weave, others little fine tucks or fancy barred novelties, and still other styles with the front of all-over embroidery. Narrow lace and fine embroidery edges make a dainty finish to many of these pretty models.

BEAUTIFUL KID GLOVES \$1.75 AND \$2.00 PR.

Fine qualities of French Gloves, in white, black and tan, or the white and black with contrasting stitching. \$1.75 and \$2.00

SILK GLOVES 75c, 85c AND \$1.00 PR.

For those who prefer the silk gloves, we are ready with splendid qualities in two clasp gloves, with double finger tips in all white, all black or with the contrasting stitching. All sizes. at \$1.75, 85c and \$1.00 pr.

IN THOUSANDS OF HOUSEHOLDS IT IS A STAPLE

Nerv-Worth Has a Favored Place in Medicine Chests, Just Like Camphor.

"I simply can't do without it," recently declared Mrs. Frank E. Howe, the well known Columbus, O., musician and music teacher. "It's very true, but I don't know of any other medicine that has brought a great improvement in my digestion, while quieting my nerves, and giving me restful sleep. It also gave me a ravenous appetite, with the result that I ate rather too much and this would cause my indigestion to return. But then it was only necessary to take refuge again in Nerv-Worth, for by taking it a few days there was a resumption of good digestion and sound sleep. I have taken several bottles of Nerv-Worth in all and I SIMPLY CAN'T DO WITHOUT IT. I keep it on hand for all emergencies. I have told all my ailing friends about the remedy and they have taken it with grand results."

"MRS. FRANK E. HOWE," Columbus, Ohio.

This is a typical statement. All over Nerv-Worth territory the folks are doing just what Mrs. Howe does—keeping Nerv-Worth always on hand, for the same reason Mrs. Howe gives.

At Newark Druggist T. J. Evans sells Nerv-Worth. Your dollar back if it does not help YOU. Ask for the new Nerv-Worth Laxative Tablets. 25c a box. Wonderfully good for stomach, liver and bowels, especially in connection with Nerv-Worth, the Tonic.

The Utica Drug Store sells Nerv-Worth at Utica; the Hebron Drug Store at Hebron; C. Howard at Johnston; W. P. Ullman at Greenville.—Advertisement. 4-13-16

BROMLEY SERVICES

(Continued From Page 1) sage to the unsaved. It is an appeal to the sinner to hear the message. It means work. When you get to heaven, you will find no lazy man there. It means we must work.

"Churches in the past have given much attention to so called 'social work' as the means of reaching the masses. It is my belief that we ministers made a mistake in that. The preaching of real religion will accomplish more. When you lift a man out of his old life into the new, he gets busy at once. The church is in the soul winning business or it is not serving its purpose."

The evangelist pointed out the difference between theology and religion. He told also of the discussion before a ministerial conference on the question of getting the church membership up to the regular services when some one offered the suggestion that farmers never experienced any difficulty in getting the cattle up to the hay stock.

He spoke of the manner in which the church was failing in its mission to carry the gospel message to the world. He declared that the church, as an institution was well equipped educationally and financially, but that it was shy spiritually. "Are we willing, anxious, on the job?" asked the evangelist.

Dr. Bromley also played the trend of churches today toward buildings, and its members toward fine clothes. "There was a time," he said, "when men and women went to the little log school house and worshipped God with real religion in their hearts and without thoughts of high steeples, fine clothes or Easter hats."

The criticism of the church by church people, the development of church factions and the resulting dissension, also received the attention of the speaker. "A saved church is necessary to save a lost world," he declared.

Yesterday afternoon at the meeting of the Women's Missionary Society of the First Baptist church, Mrs. Henry W. Bromley, wife of the evangelist, Miss Rose Fetterolf and Miss Gladys Ditzell told of the work done by the women members of the evangelistic party. Miss Ditzell and Miss Fetterolf also attended the meeting of the Women's Missionary Society in the Plymouth Congregational church and spoke to the women there.

Rev. S. B. Goff held a meeting yesterday afternoon at the Jewett Car Works and there was a good attendance at the meeting. The men gathered outdoors to hear the assistant evangelist of the Bromley party bring the message.

Instead of starting at 10 o'clock this morning as had been arranged.

OUTGREW HER STRENGTH

A fine, tall daughter, the pride of her parents, may have grown too fast. If, with her height, she is calm, even-tempered, rosy, with bright eyes and a springy footstep, you have nothing to fear for your girl. But this rapid growth is sometimes gained at the expense of her strength. Wayward temper, a constant hunger for sweets, headaches, and a pain in the back and side after a little healthy exertion mean that instead of entering womanhood smoothly and without disturbance, as she should, she is paying already the penalty of thin blood. Watch for moods. Look, after she has climbed a hill or run upstairs, for breathlessness, a color that comes and goes, and a heart that beats fast and painfully. These mean anemia, and an anemic girl will never make a healthy, blooming woman. She is bloodless. Let her have Dr. Williams' Pink Pills for Pale People. Soon a better appetite, bright eyes, calm temper and fresher color in lips and cheeks will tell you she is making new blood. Then all will be well. "Building Up the Blood" is a new booklet that will be sent free on request by the Dr. Williams' Medicine Co., Schenectady, N. Y. Your own druggist sells Dr. Williams' Pink Pills. Price 50 cents.

the members of the Bromley party left town at noon on the second of the series of country trips. Outville, Pataskala, Etta, and Kirkersville were visited. Last night Miss Ditzell again trained the personal workers for the coming days of the campaign. The training was done on the platform and almost every seat was taken. An effort is being made to have 500 personal workers line up within the next few days.

W. W. Shannon held a community prayer service in the Christian Union church this afternoon at 2 o'clock and five of the six stores of that end of town closed during the meeting.

Miss Rose Fetterolf, who will address the boys and the girls of the town tomorrow afternoon at the tabernacle was formerly supervisor of drawing of the schools of Pennsylvania. Miss Fetterolf has had a good deal of experience in meetings for boys and girls and was very successful in this line of work with Billy Sunday. There will be a treat in store for the boys and girls Saturday.

W. W. Shannon of the Bromley party, who attends to the business matters connected with the campaign, has been called to East Liverpool where he will address a men's mass meeting Sunday afternoon.

Tuesday at 5:45 o'clock the first business women's luncheon will be in the Plymouth Congregational church dining hall.

There was a well attended meeting of the Women's Work Committee held at the tabernacle last evening at 6:30 o'clock when the work for that committee was outlined by Miss Rose Fetterolf.

The following ward chairmen have been appointed: 1st Ward—Mrs. J. G. Cooper. 2nd Ward—Mrs. Courson. 3rd Ward—Mrs. Fields. 4th Ward—Mrs. E. H. Frame. 5th Ward—Miss Olin Miller. 6th Ward—Mrs. Allen.

Yesterday evening the first meeting of the church officials of the city was held in the First M. E. church and W. W. Shannon had charge of the meeting. There were 67 of the church officials of the town present and a permanent organization was formed at once. Wilson Hawkins is chairman and Max Norpell, secretary-treasurer; Frank L. Johnson, chairman, noon day luncheon committee, and T. M. Edmiston, chairman of the prayer meeting committee and Chas. O'Bannon of the bible class department.

It was decided to hold a special business men's luncheon some day next week at 6 o'clock. S. E. Alban, Sherman Bagg and J. M. Mitchell will arrange the details. Arrangements are being made for a banquet of usher. The men who pass the pie pans at the tabernacle and show the people to their seats are planning a banquet about the middle of next week. A committee to make the arrangements has been appointed.

Chief Fisher Frame at the tabernacle, in the future will be seated on the platform. Today a special place was erected for him so that he may be able to see over the entire audience and notice any trouble and have it rectified quickly.

All the members of the Bromley party will preach in different church in and about the city on Sunday morning. There will be no services in the tabernacle at that time.

TABERNACLE ANNOUNCEMENTS.

After-Easter Sale of Suits

An Opportunity That Must Prove Irresistible to THE WOMAN WITH HER SUIT STILL UNCHOSEN

It's an occasion extraordinary—one that has aroused the greatest enthusiasm, for we cannot (nor can you) recall any such opportunity ever before presented, so early in the season. Quite unexpected—but the suits are here—nearly three hundred of them, representing models that have but recently arrived from manufacturers famous for the Style, Fit and Tailoring of the garments they produce, thus measuring up to every point of our exacting standards for which this store has long been famous.

Dozens of handsome styles to choose from, fashioned from Wool Poplin, Gabardine, Poirer Twill, Men's wear Serge, Wool Velour, Shepherd Checks, Chiffon Taffeta, and fancy Sport Silks. Every new shade is here as well as Black and Navy, in all sizes from 16 to 17.

The original and sale prices are quoted below. Read them intently and you will readily understand why our Garment Section is the busiest spot in the city. Make arrangements to be here in the morning.
